LIBERTY LOAN DRIVE IS GOING AT TOP SPEED

Washington, April 10.—The Liberty Loan drive continued today at top speed. Any doubt that the \$3,000,000,000 minimum would be oversubscribed has been vanished, and the campaign is now developing in a run for a tremendous sale.

Secretary McAdoo, speaking at Raleigh, urged the nation to triple or quadruple the original \$3,000,000,000 figure with \$20,000,000 individual subscriptions.

Telegrams arriving at the treasury "from virtually every federal reserve district" said that quotas had been lost sight of, and that efforts now were for over-subscriptions.

Boston was to be canvassed today by 1,500 Liberty loan solicitors. Seventy-one Canadian officers had been released by the British government to stump the United States and 120 American officers loaned by the war department will do likewise.

Fifty-five communities today were officially announced to be tied for the honor of being the first in the land to complete their quota.

All reported over-subscriptions shortly after 9 o'clock Saturday morning.

HINDENBURG TRIES TO FLANK POSITIONS HELD BY THE BRITISH

By WILLIAM PHILLIP SIMMS

With the British Armies in France, April 9.—The Germans attacked violently the British and Portuguese positions on the Labasse canal to a point southward of Armentieres at 8 o'clock this morning. They apparently gained a footing east of Lepell and Petillon and at Givency. On our left flank we apparently are holding. Hot fighting is continuing. General Von Quast's attack this morning followed a violent bombardment, opening at 4:05. It continued for an hour or two, then died down. A couple of hours later a sudden barrage was put down from Armentieres to Northward of Lens, the German infantry following in its wake.

Heavy, continual fighting resulted, which was particularly hot east of Festubert. Long range guns shelled Bethune, Estaires, Lavenite and practically all the villages in the back of Arras. Von Quast had several fresh divisions.

The weather was misty and the sky overcast throughout the day. The ground is very muddy owing to the rains.

Hindenburg, foiled in his attempt against Arras, Vimy and Notre Dame Lorette, perhaps hopes to flank the British positions from the north.

ORGANIZED WOMEN ASKED TO HELP THE OHIO DRAFT BOARDS

Columbus, Ohio, April 10.—Organized women workers of Ohio today had the task of helping out Ohio Draft Boards put up squarely to them by Governor Cox. The draft boards are swamped with the job of indexing draft registrants for special service. Governor Cox called on the Woman's Committee of the State Council of Defense today to supply six or more hand-picked volunteers in each draft district for clerical work.

Governor Cox in a telegram to Ohio District Draft Boards, said last night:

"The task of preparing these cards in Ohio was turned over to teachers of the state, but they have not responded in sufficient number to complete the work up to the present.

"The urgency of the situation has been put before me, and I am calling upon, through the Chairman of the Woman's Committee, Ohio Branch Council of National Defense (Miss Bell Sherwin) the woman's committees in the various counties to render the aid necessary to complete this very important work. Their assistance and their co-operation is being enlisted because it is felt that the work will be done and will be done well."

EASTERN STAR HAS ANNUAL INSPECTION

A number of visitors from Dayton and Springfield were guests of Aldora Chapter, Order of the Eastern Star, at the annual inspection of the Chapter and banquet Tuesday night.

Mrs. Shaffer, of Springfield, inspecting officer for this district, was in charge of the inspection, which was followed by a delicious banquet, served at 6:30. Mrs. Shaffer and Mr. and Mrs. Wade, of Springfield, gave impromptu after dinner talks.

The Eastern Star degree was conferred upon Superintendent and Mrs. J. F. Elton, of the O. S. and S. O. Home.

Among those in attendance from Springfield were: Mr. and Mrs. Shaffer, Mr. and Mrs. Lynn Wade, Mrs. Wade being present. Worthy Matron of the Springfield Chapter, and Mr. Wade Past Worthy Patron, and Mrs. Emma Selars, past Worthy Matron, of Springfield Chapter. The Worthy Matron of the Dayton Chapter was also present.

GERMAN ALIENS BUY LIBERTY BONDS

Washington, April 10.—German properties taken over by the United States will take up a large slice of the third Liberty loan.

A. Mitchell Palmer, alien enemy property custodian, today instructed all directors of such properties to either invest available surplus funds in bonds or declare immediate dividends to be put to such use.

SENATOR STONE STRICKEN DOWN WITH PARALYSIS

Washington, April 10.—Senator William J. Stone, Missouri, was stricken with an attack of paralysis at the capital this morning.

He was rushed to a local hospital from the senate office building. Senator Reed, Missouri, and sergeant at arms, Hiddings, of the senate accompanied him. His condition was reported serious with the left side partially paralyzed.

Senator Stone was on a street car on his way to the senate office building when he was taken ill. He was helped from the car to the office of Senator Cummins, Iowa, and was later removed to his home. Physicians who examined him stated they could not tell at this time how serious his condition is but on account of his advanced age, he will be 70 on May 7, the consequences may be grave. Early diagnosis of paralysis, it was stated, may later be found to have been erroneous.

Senator Stone is chairman of the senate foreign affairs committee which is considering the important draft treaties between the United States, Great Britain and Canada.

TELEPHONE SERVICE SUSPENDED ACROSS THE MEXICAN BORDER

El Paso, Texas, April 10.—Telephone communication between American and Mexican border towns is to be suspended for the period of the war, it was announced officially here today. This action is voluntary by the telephone companies, and is designed to prevent information regarding military movements reaching German agents in Mexico.

Communication already has been suspended between Brownsville and Matamoros, between Laredo and Nuevo Laredo and Eagle Pass and Piedras Negras.

The same action is to be taken between here and Juarez and at Douglas, Naco, Nogales and San Diego, west of here.

An elaborate system of "underground" communication between German agents in America and Mexican towns opposite here has been discovered, and the action of the American telephone companies is expected to curtail such operations.

YELLOW SPRINGS AND JAMESTOWN "GO OVER THE TOP"

Yellow Springs was first to go "over the top" in the Third Liberty Loan Campaign now being conducted, this town exceeding its quota of \$31,650 Tuesday. The District Headquarters of the Campaign in Cincinnati was immediately notified. The exact figures for Yellow Springs have not yet been given out. The village was given an Honor Flag for the accomplishment.

Following on the heels of Yellow Springs, Jamestown went "over the top" Wednesday morning completing its quota and securing the second Honor Flag from the county from the District Headquarters at Cincinnati. The quota for Jamestown was \$51,250 which the patriotic Jamestown people easily topped. The total amount sold in Jamestown has not been given out.

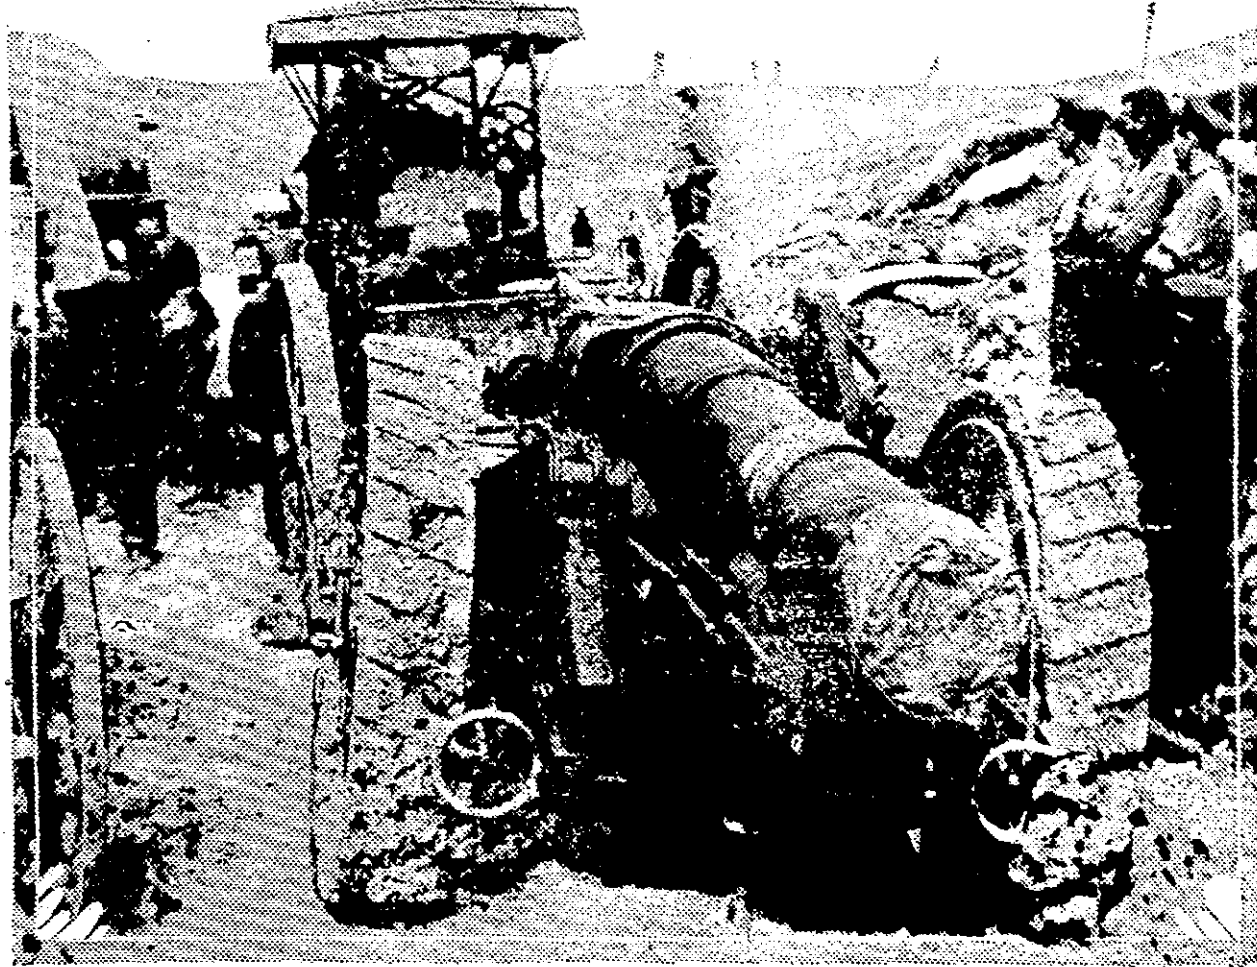

A favorable sale throughout the county is the report of County Chairman, Judge H. L. Smith, who claims that well over half of the quota for the county has now been subscribed. The Third Liberty Loan is meeting with as favorable sale as its predecessors and it is predicted by the Committee that the sale will again run over the total set for this county.

A total amount of \$197,000 has been subscribed according to unofficial estimates which are conservative enough to prove the truth of the statement that well over half of the quota has been accounted for.

John Phillips Sousa and his band of 267 pieces from the Great Lakes Naval Training School invaded Cincinnati Tuesday. Sousa Day, and helped the triumphant advance of the Liberty Loan salesmen in that city. Cincinnati is reporting most favorable sales and the district headquarters there is kept busy sending out honor flags to cities fast going "over the top" in their quotas.

BLIZZARD HITS KENTUCKY
Ashland, Ky., April 10.—Ashland awoke to face a blizzard this morning. It has been snowing steadily since midnight.

FEW BIG GUNS LOST IN HAIG'S MASTERFUL RETREAT

British Tommies withdrawing one of their large caliber guns to a new line of defense in the rear.

This first photograph of real action in the recent big drive on the western front shows the British troops saving their large guns as they withdrew to new lines of defense under Haig's splendid generalship. Though it was necessary to abandon some of their large guns in the retreat only a very few were lost. The Tommies' orderly withdrawal under the desperate assaults of a numerically greatly superior foe has been one of the outstanding successes of the world's greatest battle.

GERMANY BEGAN MOBILIZATION OF ITS MILITARY RESOURCES SEVEN MONTHS BEFORE WAR STARTED

By HENRY WOOD.

With the French Armies in the Field, March 16.—(By mail)—The French, have today in their possession copies of an astounding series of military and government orders showing Germany's preparations for the present war from Jan. 2, 1914—seven months before war actually was declared—down to the Kaiser's latest efforts to spread world-wide revolution and anarchy.

The first indication that the German general staff knew war would be forced in 1914, is given in an order addressed on Jan. 2 to the commissioners of all army regions. It reads:

"Within three days you will telegraph the precise quantity, kinds and distribution of all military provisions which you have intact and of all primary materials."

This was Germany's first step of military preparation. Her first step of financial preparation followed on Feb. 18 when the German minister of finance, in agreement with the Austro-Hungarian government sent to all groups of German banks a secret circular which read:

"The directors of all establishments are designated to establish with urgency, agencies in the following places:

"Lulea (Southern Sweden); Haparanda and Varde, on the Finland frontier; and at Bergen and Amsterdam. The establishment of these agencies is indispensable for the exercise of a more active surveillance of the material interests of German stockholders in Russian, French and English enterprises, and which may become necessary in certain circumstances, modifying the organization of the financial and industrial market."

On March 8, 1914, the German imperial staff began the census of the material it might have at its disposal for the war then in view, with the aid of all inspectors of mines and factories.

Then on June 4, came the most indicative order of all. It reads as follows:

"Twenty-four hours after receipt of this circular, telegraph orders to the proprietors of all industrial enterprises to open the sealed orders containing drawings plans of mobilization indicated in the circular of the commission of Count Waldersee and Count Caprivi of June 27, 1887."

From the very moment it became apparent that Germany would not win the war by the sheer brute force of her military supremacy, there began a second "preparation," to win, if possible by the other German means of sabotage, revolution, terrorism and corruption.

On Nov. 2, 1914, the German general staff inaugurated this new "preparation" by sending a circular to all of its military agents on the frontiers of Russia, France, Italy and Norway, advising them that "in all the branches of German banks in Sweden, Norway, Switzerland and the United States, special military credits have been opened, destined for the accessory needs of the war."

"The German general staff authorizes you to have resources unlimited proportions for the purpose of destroying buildings, factories, supply houses and the provisions of the more important kind, cloth of a military and civil nature, belonging to the enemy," the circular said.

"While trying to bring about strikes, it is necessary to take steps for the sabotage of motors and machinery, for the destruction of vessels transporting war material to the on-

APACHES COME TO NEW YORK
New York, April 10.—Twenty-five former Paris Apaches are operating in New York, according to a confession made to District Attorney Swann by a Belgian girl today. Five arrests have been made and the police expect a complete round-up of the members of the alleged band before night.

AMERICAN ARE THERE.
With the British Armies in France, April 10.—The first Americans have arrived at the British front. They include infantry, airmen and engineers.

TAR AND FEATHERS FOR AN EX-MINISTER

Elk City, Okla., April 10.—William Madison Hicks, ex-minister and socialist lecturer, now under Federal indictment for promoting the "world peace league," was taken from police last night by a mob of 100 citizens and given a coating of tar and feathers. Hicks was ordered to leave the country.

The ex-minister has been jailed for alleged propaganda against Liberty bonds.

Police anticipating trouble, were removing Hicks to Clinton when overtaken by the mob.

CONSCRIPTION IN IRELAND ADVOCATED

London, April 10.—The London morning newspapers, for the most part praise Premier Lloyd George's courage in demanding Irish conscription. They hold it purely a matter of justice, requiring Ireland—though belated—to pay a portion of the cost of world freedom.

Though it is realized that the enforcement of conscription in Ireland is fraught with possibilities of a serious nature, there seems to be a desire for a show down. There is confidence that possible organized resistance in Ireland would be defeated, because it is believed that such resistance would not represent all Ireland's opinion, but merely the fragment which is responsive to the obstructionist politicians.

After all, it is held by the London Press, it is the government's duty to enforce all measures for the country's safety upon all subjects. The Express aid today: "We are warned that conscription will unify the Nationalists and Sinn Feiners in rebellion against the British. We do not believe this. If Ireland does not respond to conscription, strong orders from the government must govern the situation."

Though curious as to the course of events on the western front since the German attack, especially in view of Lloyd George's statement the British army command had advanced knowledge of the German plans, the morning newspapers mostly expressed willingness to await further information before stating their opinions.

WOMAN PLACED ON IMPORTANT COUNCIL

Columbus, April 10.—In recognition of war services of Ohio Women, Gov. Cox today appointed Miss Belle Sherwin, Cleveland acting state chairman of the Women's committee, as a member of the state council of defense.

The Governor also assigned to the women their first big task, calling upon them to help the district draft boards copy names, addresses and data on all men registered with them, on cards to be sent to Washington.

Four to six women will be picked for this work in each draft district.

James L. Fieser, director of civilian relief for Lake Division of the Red Cross and M. R. Denver, a former congressman of Wilmington, were also made members of the Ohio Defense council.

GENERAL WOOD GOES TO CAMP FUNSTON

New York, April 10.—Major General Leonard Wood, under orders, is today enroute to Camp Funston, Kas. to take charge of the Eighty-Ninth division.

GERMANY IS STAKING EVERYTHING ON WEST FRONT OFFENSIVE AND ALLIES STAKE ALL TO BEAT HER

By ROBERT J. BENDER.

UNITED PRESS SPECIAL.

Washington, April 10.—With Germany staking her all on the western offensive, the allies and America have answered that they too will stake all and do it now.

That was the view Washington took today of Lloyd George's address following President Wilson's "force" address and his pledge to double-quick the sending of American forces abroad.

The crises came home with full force today from England's action in raising the military age to 50 years and her proposal to conscript Irish men.

President Wilson cleared the way by sidetracking the idea of a political offensive against Austria by declaring hereafter unstinted force will be America's role. Lloyd George, authorities pointed out, stakes his political career and ran the risk of serious rebellion in Ireland in forcing the conscription issues.

Only a really grave need for men would force these steps.

The shelving of General Cough leader of the beaten Fifth British army, plus appointment of General Foch as chief strategist evidently superseding the Versailles council plan—revealed untold features of the western battle. Britain and French have been through the fire and close to

a fatal conflagration, according to military men.

Something went wrong with the fifth army they say. And Lloyd George himself pointed out that only part of the story of that western hell has been told to date. Enough now is revealed, however to convince military authorities here that England and France have drawn heavily on reserves to halt the German before Amiens.

America will play a part in the coming days. Her troop shipment schedule is geared high and she will have a surprising representation on the west line in the next three or four months.

This addition, with Britain's new men, is counted on to definitely check German ambitions.

The situation in England and Ireland, aside from the question of furnishing Americans more rapidly, offers embarrassing problems for American statesmen. The alien draft treaty while not now mentioning Ireland is so framed that when conscription is enforced in Ireland, it can be used against Irishmen here.

The general belief here is that conscription in Ireland will stick and that in time the agitation against it will subside. America will probably take no steps to draft Irishmen until this quieter stage is reached.

NIPPED!

With the American Army in France, Tuesday, April 9. During a battle unusual stories always are heard, but the following is one which the correspondent heard from an unquestionable source, and it is said to have been verified:

In one of the periods when the American engineers and their Canadian comrades in arms were holding a position what appeared to be a British staff motor drove up. The driver was in the uniform of a British soldier and a man in the tonneau was in the uniform of a British staff officer.

The officer stepped out and asked for the commanding officer. He was taken to a Canadian officer near by. The staff officer ordered the commander to retire four kilometers, saying that the Germans were pressing on both flanks and he might be cut off.

For some reason the Canadian commander became suspicious. He had the staff officer searched when the latter failed to produce his authority and papers were found on him proving that he was a German officer. He and his chauffeur were immediately shot.

American engineers' officers are said to have been present when this incident occurred.

FOUR VITAL QUESTIONS

CHIAGO, Ill., April 10.—Four vital questions of the day—financing the war, railroads, centralized control of industry and shipping—will be discussed at the sixth annual convention of the Chamber of Commerce of the United States, which opened here today.

Business readjustment to meet war conditions will be fully discussed during the convention, which will continue for three days.

A delegation of Columbus, Ohio, men, headed by President Henry A. Williams, of the Columbus Chamber will attend.

The National Association of Commercial Organization Secretaries will hold a war conference on the final day of the convention.

WANTS NEW MEMBERS

CLEVELAND, Ohio, April 10.—The Needle World Guild, a sewing organization composed of Cleveland women who have been turning out hundreds of pairs of socks and other garments for soldiers and sailors, today started a drive for a thousand new members to double their output.

Washington, April 10.—As though from the rumble of distant guns, an earthquake shock disturbed the National Capital and Virginia towns last night. A "slip" in the earth, probably 200 miles away, was responsible, scientists thought.

FRUSTRATED IN PLANS AT ARRAS HINDENBURG HITS AT NEW POINT

Frustrated in his effort to budge the British from their positions around Arras, Hindenburg has struck farther north.

In an all-day attack, following a heavy bombardment yesterday, he penetrated the line held jointly by the British and Portuguese in Flanders, and forced the allies back to a maximum depth of four miles along a narrow front. Fighting was continuing when the last official communique was filed.

This attack was made on an eleven mile front, from the Labasse canal northward. The canal is sixteen miles

CORP. ALEXANDER TELLS 'EM HOW HE FEELS ABOUT IT

Cincinnati, April 1.—"Ave I never heard Sousa's Band?" repeated Corporal Alexander, of the British Recruiting Station, Fifth and Walnut streets, "aye, me lad, that I ave." Gimmie the fites an' drums of that hor organization an' a squad of these Hamerican soldiers from Camp Sherman, what paraded last Saturday, an' I'll retake hall the German trenches this side of the Rhine. Hadd the clarinets an' the trombones an' a cornet or two an' I'll take Berlin. Gimmie the whole bloomin' band an' I'll chase the dirty 'tuts into the Pacific Ocean, 'out from China 'cross the bay."

"My word, a wooden army, would march from 'ere to 'ell an' back behind Sousa's Band, an' they'll march millions of dollars 'out o' tightwads an' millions more 'out o' patriots, an' Cincinnati 'll go 'over the top' for the 'onor flag of the third liberty loan, an' no mistake."

Corporal Alexander, one of the victims of the Gallipoli campaign, has a picturesque way of putting things from a French trench point of view, but so far as Sousa's Band is concerned the Archbishop of York and Secretary of the Navy Josephus Daniels, during their recent visits to Cincinnati, made much the same kind of comments, even though differently expressed.

PUBLICATION OF CASUALTIES HAS SOBERING EFFECT

Washington, April 10.—Publication of 447 American casualties today sent a sobering realization throughout the nation of what the days ahead hold. These casualties, withheld for six days under the Baker order making Pershing the arbiter of his own news, contained 18 names of killed in action, 18 from other causes and more than 300 wounded. The list also revealed that the Germans had taken a score of American prisoners.

Official news of American engineers gallant battle in the first part of the Picardy drive is still lacking here.

EGGS \$32 A DOZEN

CHARDON, O., April 10.—Talk about hens eating their heads off, here's one:

Thomas Leigh, a farmer says this: "I bought \$8.00 worth of feed in three months and a half for my five hens and they have only yielded me three eggs. That's \$32 a dozen."

WEATHER REPORT

OHIO—Probably occasional rain tonight and Thursday; warmer Thursday.

Surely the women of Greene county have not forgotten the county's record in the civil war. Don't fail to attend in this war for Democracy. Give your appointment for the Camp Sherman Lodges. General Green has asked it for our boys. What will Greene county's answer be? Will the women be found wanting?

The Shannon Stock Co., with all new plays at the opera house. Three nights starting Monday, April 10.

Corporal James Thornton, A. S. S. C., and wife spent Sunday with Mr. and Mrs. C. L. Thornton.—Washington Herald.

Frank Walker of the F. W. Walker Coal Company, and Frank Hurley and Raymond H. Stiles of the Stiles Coal company are attending the convention in Cincinnati of the Tri-State Coal-men's Association.

Members of Catherine Greene Chapter, Daughters of the American Revolution, are anticipating a treat at their regular meeting Thursday afternoon at the home of Mrs. S. M. Alcorn, when Mr. Ernest V. Shockley, editor of the Greene County History, will address them. Mr. Shockley was given an invitation to speak before the Daughters, and it is expected that at will take literature in some form for his theme. He is a very interesting speaker and a former University Extension lecturer.

Prices for the Shannon Stock Co., including the war tax 25c, 35c and 50c. Opening Monday night April 15, in the big comedy drama "The Marriage of Gertrude".

J. E. Watts, the assessor, can be found at the Probate Judge's office and will swear any one to their tax papers without charge.

Mrs. Emma McCalmont, of North Galloway street, received a notification Wednesday morning that her son, Edward McCalmont, of Battery A, 59 Field Artillery, has arrived safely in France. Mr. McCalmont and several of his classmates enlisted from Muskingum college last fall. They are all in the same regiment. Another Xenia boy with the regiment is Arthur Cramer, of Monroe street.

The question is frequently asked why are the young married women and girls not doing Red Cross work. This means more to them than to the older women. They will have longer to live and surely want to live in a free country. The boys giving their lives are their husbands, brothers and lovers. Are the young women the slackers? Let your answer be faithful attendance at the Red Cross rooms.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

THE MAN ON THE STREET

We aver that the killing of eight chickens in Paris by the Germans was a foul blow.

Despite the change of time there are still a lot of fellows who can't see any use in going home in the middle of the afternoon and who stay at work until seven o'clock.

One of the most effective brow wrinkles of the day is whether to buy more heavy ones to supplement the ones just worn out or whether to take a chance with the light weights during this cold weather.

Nature's own camouflage is the way the sun shines out bright this cold weather.

TODAY'S SHORTEST STORY.
The Fable of the Wayward Hash-Slinger.

Once upon a time there was a Hash Slinger who held a Thirty-second degree Card in the Waiter's Union. Born of Humble Parents he had risen from the Ranks to the position of Importer of Food stuffs in a Chop Suey Joint, where he drew a Fabulous Salary.

At an early age he had learned how to take a Dime Tip without Batting an Eye and how to talk back to the Public. His Life Ambition was to inherit a Dollar Tip and to wear a White Tie. His Thumb had been paroled from long Experience with Hot Soup. However, although he led a Drab Existence his Rating with the Proprietor was A. No. 1. He had never Spilled the Soup in the lay of an Unsuspecting Customer or let the Star boarder find out he had Short Changed him.

Following the Straight and Narrow path between the Kitchen and the Dining Room however, soon were callosities on the Feet of the Once-Happy Waiter. He Pined for the Freedom of the Toilet-Dogger and Longed to Sip the Nectar of Liberty. His Idea of the Latter was to Lick the Drops which Drizzled from the Empty Champagne Glasses. One Night he Responded to the Tempting hand and Sat Long over a Bucket of Lowly Suds. That Night he Wandered in a beautiful Phycum as he Wended his way from Kitchen to Table. The Lights had never before shone Brighter. It was when he was in the Height of this Ecstasy that he dropped a Tank of Near Soup on the Dome of an Innocent By-Stander. It took just Fifteen Seconds for the Official Bouncer to Cast him out with the Unemployed. MORAL—Don't try to Brighten a Dull Day with Red Liquor.

C. F. KETTERING IS TO SPEAK IN XENIA

Under the auspices of the Masonic Club Association, Mr. C. F. Kettering one of the nation's foremost men, and an honored citizen of the city of Dayton, will come to Xenia next Tuesday evening to address the members of the association at a banquet to be held at the Masonic hall. The banquet will be held at 6 o'clock and all members of the association will be invited. Immediately following the banquet Mr. Kettering will speak and it is needless to say that he will have a message well worth hearing. Every man who has the privilege of attending this meeting should do so.

SHE SUFFERED FIVE YEARS

Finally Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Key West, Fla.—For five years I suffered from irregularities, with terrible pains and an awful weakness in my back. The doctor gave me different medicines but they did me no good. A friend asked me to try Lydia E. Pinkham's Vegetable Compound and I found it to be the best medicine I ever tried because it made me well, and I can now do my housework. I am telling my friends about it.

Mrs. J. M. CAMUS, 728 Caroline St., Key West, Florida.

Many women at some period in their life suffer from ailments peculiar to their sex and which in most cases may be readily relieved by this famous root and herb medicine, Lydia E. Pinkham's Vegetable Compound, just as Mrs. Camus found it helped her after suffering for years and trying everything else in vain.

If you have any annoying symptoms you fail to understand, write Lydia E. Pinkham Medicine Co., Lynn, Mass. The results of their 40 years experience in advising women on this subject is at your service.

KING WINTER DOES REAL OLD FASHIONED "COME BACK" STUNT

Goody! Also gicks and gee whiz! They say that "April showers bring May flowers," but the only kind of flowers that Wednesday's "shower" could bring would be "snowballs."

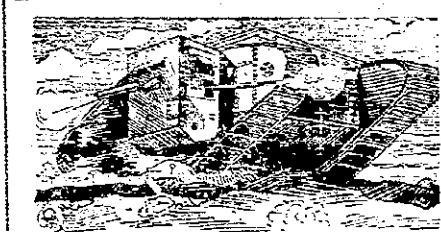

Xenians awoke Wednesday morning to a "close up" of an inning of King Winter, that sent hopes of war garden work a glimmering and destined spring clothes to the moth balls for yet a time.

A "cut-back" of January with a little March and December mixed in, was dished out to discourage local patriots Wednesday by the erratic weatherman and served as a disheartening supreme. A blizzard of some pretensions and bearing a "made in Germany" trade mark was what sent the mercury of enthusiasm down the tube Wednesday.

The blizzard caused the usual inconvenience to traffic and transportation, drifting up in dangerous proportions in some places during the day. "The charge of weder also had the effect of causing madly severe codes at abolishing the hobe of an early spring."

Many Xenians would be willing to swear that the Kaiser was somewhere at the bottom of this storm.

A party of young friends of Howard Luck gave him a merry surprise at his home on Elm street, Monday evening, to celebrate the eighteenth anniversary of his birth. There were fourteen in the party. They enjoyed music and various games, and were served a delicious little supper. The table at which they were seated was decorated with sweet peas.

To drive a tank, handle the guns, and sweep over the enemy trenches, takes strong nerves, good rich blood, a good stomach, liver and kidneys. When the time comes, the man with red blood in his veins "is up and at it." He has iron nerves for hardships—an interest in his work grips him. That's the way you feel when you have taken a blood and nerve tonic, made up of Blood root, Golden Seal root, Stone root, Cherry bark, and rolled into a sugar-coated tablet and sold in sixty cent vials by almost all druggists for past fifty years as Dr. Pierce's Golden Medical Discovery.

This tonic, in liquid or tablet form, is just what you need this spring to give you vim, vigor and vitality. At the lag end of a hard winter, no wonder you feel "run-down," blue, out of sorts. Try this "Medical Discovery" of Dr. Pierce's. Don't wait! To-day is the day to begin! A little "pep," and you laugh and live.

The best means to oil the machinery of the body, put tone into the liver, kidneys and circulatory system, is to first practice a good house-cleaning. I know of nothing better as a laxative than a vegetable pill made up of Marjoram, leaves of aloe and jalap. This is commonly sold by all druggists as Dr. Pierce's Pleasant Pellets, and should be taken at least once a week to clear the twenty-five feet of intestines. You will thus clean the system—expel the poisons and keep well. Now is the time to clean house. Give yourself a spring house cleaning.

THE HOUSE THAT MAKES GOOD

Win the War By Preparing the Land Sowing the Seed and Producing Bigger Crops

Work in Joint Effort the Soil of the U. S. and Canada—Cooperative Farming in Man Power Necessary to Win the Battle for Liberty

The Food Controllers of United States and Canada are asking for greater food production. Securely 100,000,000 bushels of wheat can be sent to the allies overseas before the 1918 harvest. Upon the efforts of the United States and Canada rest the burden of supply.

Every Available Tillable Acre must Contribute; Every Available Farmer and Farm Hand Must Assist.

Western Canada has an enormous acreage to be seeded but man power is short, and an appeal to the United States allies it for more men for seeding operations.

Canada's Wheat Production last Year was 225,000,000 Bushels; the demand from Canada alone, for 1918 is 400,000,000 Bushels.

To secure this she must have assistance. She has the land but needs the men. The Government of the United States wants every man who can effectively help to 25 farm work this year. It wants the land in the United States developed first of course; but it also wants to help Canada. Whenever we find a man we can spare to Canada's fields at-planting time, we want to direct him there. Apply to our Employment Service, and we will tell where you can best serve the combined interests.

Western Canada's help will be required not later than May 5th. Wages to competent help, \$50 a month and up, board and lodging.

Those who respond to this appeal will get a warm welcome, good wages, good board, and find comfortable homes. They will get a rate of one cent a mile from Canadian boundary points to destination and return.

For particulars as to routes and places where employment may be had, apply to

U. S. Employment Service, Dept. of Labor.

Get Back on the Road to Health By Keeping Your Blood Always Pure

Don't Let a Sluggish Circulation Drag You Down Hill.

Whether you earn your daily bread by the sweat of your brow, by the daily use of your muscle, or by tasks requiring less physical exertion, you need every ounce of strength that you can command.

It is of utmost importance, therefore, that you keep yourself in tip-top physical trim, and that you take every precaution to safeguard your health from the many pitfalls which disease has spread so promiscuously. Keeping thoroughly well and strong is simply a matter of resisting disease.

Why is it that your neighbor is always healthy and robust and strong, while you find yourself succumbing to even the most commonplace little ailments that tend to drag down your vitality? It is true that you are both liable to the same attacks, but why does he escape while you do not?

The answer can be found in the condition of the blood supply. If you keep your blood thoroughly purified and free from all substances that tend to impair its full strength and vigor you, too, will be able to promptly throw off all efforts of disease to

attack your system, and enjoy at all times the same robust vitality that your neighbor does.

When you begin to feel a loss of appetite, and a feeling of lassitude and weakness begins to pervade the system, this is nature's warning that your blood is in need of a thorough cleansing to sweep out of your system all impurities that are accumulating to clog up the circulation and make it sluggish.

S. S. S., the great vegetable blood remedy, is without question the greatest blood purifier and system-builder that you can take, and a few bottles of this fine old medicine will prove just what you need to give new vigor and strength to your system and put you back on the road to a vigorous vitality. S. S. S. has been sold by drug stores for nearly fifty years, and it is recognized everywhere as being in a class to itself for thoroughly cleansing the system of all impurities. Go to your drug store and get a bottle today, and you will soon find yourself enjoying the new strength that comes with an abundant supply of pure, rich blood. Send for free booklet that tells you all about the important functions of the blood, together with any free medical advice that you may need. Address: Swift Specific Co., 30 Swift Laboratory, Atlanta, Ga.

CYCLE OF THREE FIRES IS COMPLETE

The traditional cycle of three fires in a row was completed Tuesday afternoon and evening when the Fire Department responded to two different alarms.

The first fire was at the home of Charles Carroll at Second and White-man streets, sparks from a newly lighted furnace believed to have been responsible for igniting the roof. Only a few shingles were burned. The alarm was sent in at four o'clock.

The second call of the day was to the home of L. E. John on North King street, where there was a parallel blaze, sparks from the furnace recently lighted being believed to have caused the conflagration here. A few shingles were burned. The alarm was sent in at 7:20 o'clock. Fireman Charles Mahanna, injured when he fell from the roof of the J. A. Bales home on Maple street while fighting a fire there Monday evening, is still suffering considerably from the injuries. His back, which was sprained in the fall, is causing him considerable pain.

The third fire in so short a time should be a warning to people starting fires in their furnaces because of the return of cold weather. Where a fire is started with small inflammable material, paper and other light kindling, there is bound to be sparks, and the danger of this is enhanced by the high wind prevailing, which rapidly fans the sparks into life.

MONTHLY REPORTS OF SOCIAL SERVICE LEAGUE SUBMITTED

Monday evening the Social Service League held its monthly meeting, receiving reports from the Public Health Department, the Relief Work Department, the Welfare Department, the Membership Committee, and the Treasurer. There was a good attendance and the reports were inspiring.

Mr. A. E. Paukner, the Treasurer, reported a balance of \$708.88 in the treasury. Mrs. C. L. Jobe, chairman of the Membership Committee, reported that the canvass was not yet completed but that \$281.71 had been turned in to the League and that \$260 additional had already been secured by the ladies in their canvass of the homes. The men's committee for canvassing the business section of the city, of which Rev. A. J. Kestle is chairman, reported that it had not quite completed its work and that \$241.30 and thus far been turned into the League. The incomplete canvass shows a result of \$1095.61. Scarcely anything had been contributed by the country people for the reason that they had not been visited. The League would be glad to receive checks or contributions of money from all of its friends. It is not too late to help in this good work.

Mrs. Jobe introduced the discussion of the work of the Welfare Department, of which she is chairman, is seeking to do. City Manager Riddle, Mr. R. E. Holmes, and Dr. Hawkins spoke of the enthusiastic meeting held last week in one of the east end churches in the interest of beautifying East Main street, by planting trees and seeding the parked spaces with grass. This seems an assured accomplishment of the immediate future. How to screen the city dump-grounds and the unsightly places about the town with flowers, plants and shrubbery received many suggestions and a committee was made responsible for seeing what could be done. The matter of securing lots for wardens for the school children was introduced by Prof. Patterson, superintendent of the public schools. The boys and girls are enthusiastic about taking up this work but the people seem reluctant to give the use of their vacant lots. The right man to superintend the work is in view and it is hoped that the ground may be obtained. Surely, the children ought to be encouraged to help in this work for their country. In the year 1913 the school children of Europe produced \$700,000,000 worth of vegetables and other foods in the school gardens. Let the American boys and girls have a chance.

RUSSELL C. HATCHER DIES IN COLUMBUS

Xenia friends of Russell C. Hatcher who was employed as a printer on the Xenia Daily Republican under its former management, will be grieved to learn of his death of tuberculosis of the spine which occurred in Grand Hospital, Columbus early Sunday morning. He was 24 years old.

After leaving Xenia, the young man bought a weekly newspaper at Laurel, Ind., which he conducted until eight weeks ago, when his health became so bad that he went to his home at Rushsylvania, Ohio. Paralysis of the lower limbs developed and he was taken to Grand Hospital for examination and treatment.

He is survived by his parents Mr. and Mrs. Coleman Hatcher and three sisters. The funeral was held Tuesday afternoon at the home of his parents near Rushsylvania.

CLIFTON

Rev. Patton, of Cedarville, re-opened the M. E. church here with preaching services last Sabbath.

Mr. Chester Printz, who is in camp at Battle Creek, Mich., is visiting his mother until April 9th.

Dr. Daniel Brownlee, of Dayton, and Dr. Henry Foster, of Forest, Ohio, were here last Wednesday to officiate at the funeral of Mrs. Frank Corry.

Mrs. William Printz returned home from the McClellan Hospital last Thursday.

Mr. H. R. Corry left Monday for Oxford, Ohio, to attend a meeting of Dayton Presbytery.

Mr. and Mrs. Chester Preston are rejoicing over the birth of an eight pound son, Sabbath, April 7th.

Miss Mae Corry, who recently returned from spending the winter at

Deland, Florida, has been spending a few days with her parents.

The largely attended funeral of Mr. Lewis Braley, who was buried here Sabbath, from the M. E. church, was in charge of the Masonic Lodge. The sermon was preached by Rev. Atkinson, of Yellow Springs, Ohio. Mr. Braley was born in Clifton fifty-nine years ago, and was the son of Charles and Mary Braley. Most of his life was spent in this vicinity. Though a quiet man, he had many good friends. He owned a small farm a mile from here on the Xenia pike. He leaves a wife, one daughter, Mabel, and one son, Charles, who expects to report at Camp Sherman April 15th. He also leaves two brothers, Mr. Lester Braley, of Clifton, and Sergeant Frank Braley, who has been in the service of the U. S. Army for twenty-seven years, and is now at Charlotte, N. C. He was a member of both the Masonic and I. O. O. F. Lodges.

Everyday Etiquette

"If an accident happens at the dinner table, such as overturning a glass or breaking a piece of china, what should I say?" ask May.

"Apologize at some other time rather than at the table. To say you are sorry is enough for the moment," advised her sister.

"When a woman has been invited to a party through the influence of a friend, should she call upon the hostess after the occasion?" asked Ruth.

"Yes. A call should be made whether you accepted the invitation or not," replied her mother.

Annie Laurie's Letters

DEAR ANNIE LAURIE:

I am a married woman, 25 years old. I have been married two years. I want your advice as I have no mother.

Before I was married I had lots of girl friends and boy friends, but now they all seem to shun me. I am very lonesome, as I am always alone at night. I look very much younger than 25. I often pass for 18 years old.

Do you think it would be very wrong to go to parties or to other amusements all alone? I never go out in the evening, but I am getting tired of such a lonely life.

Please tell me how I can gain the friendship of my old girl friends and boy friends, and please tell me how I can make new friends.

A LONESOME WIFE.

Isn't it possible that you have neglected your friends and that is why you are lonely? If I were you, I think I should write notes to the girls I used to like and invite them to call or go to some inexpensive amusement with you.

You don't say anything about whether you're keeping house or whether your husband objects to having the girls spend the evenings with you. Of course it isn't wise to try to win back your boy friends, but if you have a home of your own to invite girls into I'm sure that it won't be long until that home is a center of meritment.

I shouldn't go out alone if I were you, but would try to have some woman friends go with me.

How does your husband feel about it? Write me again, won't you?
ANNIE LAURIE.

RHEUMATIC OUT LOOKING FOR JOB

"Ib out looking for a job since Tanlac Rheumatism Treatment helped my rheumatism so much," said Gussie Link, 109 Berry street, Dayton, Ky., near Cincinnati. There many folks are taking Tanlac Rheumatism Treatment and finding it highly beneficial.

"I hadn't worked for six months before I started taking Tanlac Rheumatism Treatment," Mr. Link continued. "My rheumatism was so bad that I was in bed."

"I had rheumatic aches and pains in the entire lower portion of my body. It was impossible at times for me to even move my limbs, because of the pains. The shooting pains came in my arms too, and I was stiff and sore all over."

"I tried all kinds of medicines but nothing seemed to help me. Finally a neighbor brought me home a package of Tanlac Rheumatism Treatment and I tried it."

"That one package has put me back on my feet. I'm still taking the treatment and am getting better rapidly. I'm looking for a job now and I think I'll be able to go back to work before long."

"I'm certainly pleased with Tanlac Rheumatism Treatment and recommend it to anybody who suffers from rheumatism."

If you suffer from rheumatism get Tanlac Rheumatism Treatment today. It will do for you what it has done for others. You can get Tanlac Rheumatism Treatment at Sayre & Hemphill's.

HOW THE GOVERNMENT RUNS THE RAILROADS.

Some indications of an attempt to discredit government operation of the railroads have already showed themselves and more will presently appear. The opening for such attacks is plain enough. Under war conditions no person can hope to have his private business put before national business. In consequence the hauling of freight, passengers, mail and express will frequently be interrupted in order that the hauling of troops and goods necessary to the war may go forward with the utmost speed. If anyone cares to compare the service rendered private individuals under such circumstances with the service rendered before the war he will find that there is not the ghost of a doubt not only that the work is being better done now than it could have been under private control, but that much of it could not have been done at all under private control. The railroads were simply not organized to conduct a national business; they were organized to conduct the sum of a great many private businesses, which is quite another thing.

The real test of the government-controlled railroads will be their ability to feed every necessary industry with the necessary raw material, to distribute the necessary finished material within the United States, and to get troops and supplies on board the ships as fast as they come into port. If that is done successfully it may not be the conclusive argument for government ownership, but it certainly won't be an argument against it. Those who fear government ownership so much that they try to impair confidence in the government's efficiency at this critical moment aren't entitled to be heard with much respect.

PAINLESS LEGISLATION.

The daylight saving measure, after the joking about it has been laid aside is probably the best imaginable illustration of the advantages of having a central government and of operating through that government to do a thing which everybody was willing to do, but which could not have been done had there not been a responsible central authority to order it. One can imagine the hopeless confusion into which our daily schedules would have been thrown by a system of voluntary daylight saving, of the pressure that would have had to be brought to bear to make people get up in the morning; of the testing of people's loyalty by vigilance committees by the time they got up of the Get-Up-Early societies, with their buttons and by-laws, and in fact, all the laborious efforts that would have to be made to do by private initiative what has been so easily done by an act of Congress. It was a clear case of absolute painless legislation to accomplish a purpose which could only have been accomplished painfully, if at all, in any other way. And even this law, which seems at first so much of a lark, will have its effect in unifying the nation. It is not for nothing that every householder, from Portland, Maine, to San Francisco, set his clock an hour ahead Sunday morning; no one could have performed that simple act without being somewhat thrilled by the thought that every other clock owner in the country was doing the same thing at about the same hour; and we are today a slightly more unified nation because of it. In all voluntary efforts—notably those set in motion by the appeals and labors of Herbert Hoover—there is a tremendous unifying force. Just in so far as we do things for a national motive the national idea becomes a reality to us. The war has shown us our government not only as an exacting parent, but as a benevolent uncle—the latter almost a new rôle, but certainly a wholesome one.

CIVIL WAR VETERAN ANSWERS LAST CALL

Josiah Holland, aged 76 years, a veteran of the Civil War passed away shortly after 7 o'clock Tuesday evening at the home of his daughter, Mrs. Charles Horner, 639 North West street, after a brief illness of only a week's duration. He was first taken ill with the grip which developed into uraemic poisoning causing his death. The deceased was 76 years of age last November 28. He had lived in Xenia since 1870 and for a number of years was employed at the Lutz blacksmith shop as a wood worker. He was the last survivor of Company B, 74th O. V. I. residing in this city.

His wife passed away two years ago and since that time he made his home with his only daughter, Gertrude, who has one granddaughter, Gertrude Horner, and the following brothers and sisters: Thomas, of Spring Valley, Mrs. Mary Hurley of Lumberton, Mrs. Louis Woolley, of Waynesville, James of Dayton, Theodore of Spring Valley, and Charles of Xenia.

The funeral will be held at 2:30 o'clock Thursday afternoon at the Friends church in Spring Valley.

MISS OLIVE COX Correspondent

Miss Anna McCurdy was surprised at her home Thursday evening when twenty two of her friends called with a fine lunch to celebrate her birthday. The evening was spent in playing cards.

Torrence Garlough, who is employed by the government is at home for a few days furlough. He is en route to Detroit from Baltimore, Md. Mr. and Mrs. L. M. Bickett and children and Mrs. Helen Baker, who spent the winter in Milwaukee, where Mr. Bickett is in business, returned home Friday.

Miss Jaunita Weaver, teacher in the Cleveland schools, spent the Easter vacation with her sister, Mrs. Carl King, at Springfield. She was here Tuesday and Wednesday the guest of Miss Belle Middleton. Prof. Weaver and family will return from Cleveland in a few weeks and spend the summer here at their home on North College street.

Mrs. Ella Lynn Woodward, of Lapel, Ind., was here Monday calling on old friends. She is visiting her sister, Mrs. Kingan, at the Hotel Brancroft, in Springfield.

Mr. and Mrs. A. Murphy and children arrived Wednesday from Virginia, and are planning to spend the summer here. They are now at the home of Mrs. Cora Kendig.

Willis Jones, of Camp Sheridan, Ala., is home for a week's furlough.

Mrs. Ernest Young, of Minneapolis, arrived Thursday to visit her sister, Mrs. W. H. Humphrey.

Dr. S. D. Fess stopped off here Wednesday and spent the day at the college. He was enroute to Camp Sherman to see his son, Lieut. Lowell Fess, and on to his work in Washington, D. C.

Miss Edna Wilson left Saturday for Dayton, where she will visit her cousins, Mr. and Mrs. L. M. Humphreys.

Edward Winslow arrived Thursday from Chicago. The trip was made by automobile.

Mrs. H. R. Adams is in the hospital at Dayton, where she underwent an operation Tuesday. Mrs. Adams has been in poor health for several years and her many friends hope she will soon be restored to health.

The pupils of the High School will give an entertainment at the opera house Thursday night for the benefit of the Y. M. C. A. war fund. The school subscribed \$150 and have paid about \$100 into this fund. Come out and help the young folks go over the top.

LET THIS CREAM CURE YOUR PIMPLES

For several weeks past, Sayre & Hemphill have done a big business in selling HOKARA, the skin healer, that has won so many friends in Xenia. It has been found to heal not only all minor skin troubles, such as pimples, blackheads, herpes, acne, scaly scalp, complexion blemishes, itching feet, piles etc., but also the worst sores, ulcers, or even chronic eczema and salt rheum. There is yet to be found any form of wound or disease affecting the skin or mucus membrane that HOKARA does not help, and its action is so quick that those who try it are simply delighted with it right from the start.

In spite of its unusual curative powers, the price is trifling. To convince every one of its merits, Sayre & Hemphill will sell a liberal-sized jar for 35c. And remember that if you do not think it does what it claims you can get your money back. You certainly can afford to try it on this plan.

EVERYONE SHOULD DISPLAY OLD GLORY THESE TRYING DAYS

Display the American Flag! The colors that will never run, the good old Red, White and Blue, should be floated on the breeze on every side exposed aloft as a challenge of humanity to the Hun, at this time of bloodshed in the cause of freedom.

Since the time when Betsey Ross completed the first flag back in the natal days of our glorious country, the national colors have been an inspiration to the patriotism of the citizens of this country both in peace and in war. At a time of well-remembered the colors have stood valiantly in the thick of the fight for what is right spurring men on to deeds of valor on the battlefield.

Now there has come another time when the great country of ours is asked to sacrifice some of its glorious youth that freedom and democracy may live. Ever the champion of the cause of the just, America has thrown herself into this great battle with the wholeheartedness that has characterized every effort in any project. Therefore it is a good and patriotic move that the colors which stand for this country be displayed now more than ever.

Holidays are coming—days when this country pays homage to the flag and to the things for which it stands—on these days more than any other should the Red, White and Blue flags every parapet and flow from the pinnacle of every edifice.

It is for this reason more than for any other, that the Management of the Gazette and the Republican is adding fuel to the flames of devotion for the country's colors. There can be no excuse for any one not giving the grand old colors the fullest prominence, for handsome flags, four by six feet in size, are now offered for sale at the Gazette and Republican offices, for the small sum of 98 cents and six coupons clipped on consecutive days from the Gazette or Republican. While the management of the newspaper will lose money on the sale of the flags at this sacrifice price the papers will thus be "doing their bit" in one way or keep the old flag flying prominently in this time of crisis. A large supply of the flags have been received and are ready to be distributed at any time. They are on display in the windows of the newspaper office where they can be viewed any time.

MISS CHILDS IS IN JAPAN, NOT RUSSIA

Contradicting previous word to the effect that she was at Vladivostok, word was received yesterday by Miss Henryetta Logan, that Miss Katherine Childs, former secretary of the Greene County Y. W. C. A., and her companion, Miss Heep, are at Yokohama, Japan, and will stay there indefinitely.

Word came from national headquarters of the Y. W. C. A. that Miss Childs, Miss Heep, and three secretaries of the Y. W. C. A. had fled from Petrograd, had organized an association in Vladivostok. Local friends of Miss Childs are glad that she is safely out of that part, where serious trouble promises to develop.

MOTHER! DON'T TAKE CHANCES IF CHILD'S TONGUE IS COATED

If Cross, Feverish, Sick, Bilious, Clean Little Liver and Bowels.

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour.

Look at the tongue, Mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation, poison, sour bill and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleaning" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrup. Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."

THE WOMAN WHO CHANGED

By JANE PHELPS.

George Refers to His Plans for the Summer.

CHAPTER LVIII.

Nothing more was said anent our plans for the summer until nearly a week had passed. I had told Evelyn that George wouldn't consider a quiet place such as they had selected. She really felt badly.

"We could have had such a nice time," she said.

"I know, and you aren't half as disappointed as I am."

"What can't be cured must be endured, I suppose," she said, making a wry face.

That very night at dinner, George remarked:

"You'd better go to your dress-maker and give the order for your summer outfit. Tell her you will go to Newport, Bar Harbor and perhaps other resorts. Get everything you need. I called her up today and gave her carte blanche as to expense."

"Those are such fashionable places, George. I wish we might go where there wasn't quite so much style," I ventured.

"Well, we can't. So say no more. My plans are all made—that is, as nearly as I care to make them." Then "You will need several bathing suits. I am fond of swimming."

"Fortunately I was, also, and was rather expert. My brothers had taught me when I was a tiny girl."

A REQUEST.

As I thought of being able to swim, the longing to see the boys, to be with mother and father, came over me so strongly I couldn't resist saying, (neither could I keep the longing from my voice):

"George, may I go home for a little while before we go?"

He frowned; then seemed to be figuring on something.

"Yes, I don't see any objection to your going home for a week or two. Give the order for your summer outfit, first, then they can be working on it."

"Oh, thank you George! When can I go?"

"Let me see. This is Tuesday. I see no reason why you shouldn't go Saturday. I have an engagement Saturday night, so you will plan to take an early train."

"My, yes, I can only stay two weeks at the longest. But I am so happy, even for that little time—I have to order my summer outfit before I go." I added, just remembering.

"Where are you going to spend the summer? Has Howard decided?"

"Yes. We are going to Newport and Bar Harbor."

"What a tone! One would think you were going to the morgue." And she laughed merrily. "It is lovely at both places. You'll enjoy it. I am sure."

A REAL LARK.

"Will you go with me to order my clothes? I am to have everything I want."

"You are in luck! Of course I will."

go. It will be a real lark. You see, I am not going to get a single thing but some wash dresses and a couple of bathing suits. Just plain ones, so I won't shock the natives, up where we are going. They are mostly fishermen, you know. Kurtis has hired a sailboat for the summer, and we will take all the new books and order the magazines and papers sent to us."

"Oh, how lovely!"

"Yes, isn't it?"

"I envy you Evelyn; I hate to go to those fashionable places. I don't care for that sort of life. Anyway, altho I don't mind it as much as I did."

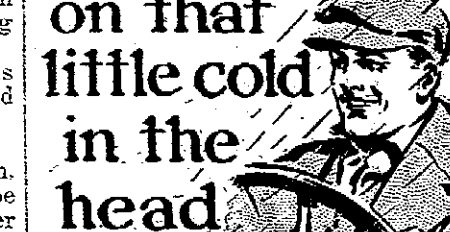

"I told you that you would get used to it."

"I am trying very hard. Evelyn. I do want to please George, to make him proud of me—which I am beginning to think is the only way to please him. I have tried so hard, these last few months. I know I have learned many things. I can handle my servants now, handle them almost as well as Mrs. Sexton did. She says so, herself. I have learned many other things too, but still I am sadly lacking in the savoir faire, of George's friends."

I get awfully discouraged at times."

"You mustn't! That's what I say to myself when, no matter what I do, Kurtis' family seem to think I might do better. I just say to myself: 'You mustn't, you mustn't mind!' and go on trying. If I didn't love Kurtis so much, I don't suppose I'd be so

STOP ITCHING ECZEMA

Penetrating, Antiseptic Zemo Will Help You

Never mind how often you have tried and failed, you can stop burning itching eczema quickly by applying a little zemo, furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, blackheads, and similar skin diseases will be removed.

For clearing the skin and making it vigorously healthy, always use zemo, the penetrating, antiseptic liquid. It is not a greasy salve and it does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds.

GOOD HOUSEKEEPERS USE BEST. That's why they use Red Cross Salt Blue. All leading grocers, 5 cents.

TROUBLES IN THIS WORLD SURELY DO COME IN BUNCHES

There is naught but grief for mere man! Night at a time when the war has served to deprive him of all his loose change any way, the doggone barbers come along and raise the price of a hair cut to 35 cents per head.

The raise in price came with the drop of the thermometer. Tuesday night and caused a drop in the spirits of the consumers upon the morning invasion of their favorite barbershop. Along with the jump in price of hair cuts goes a raise in the price of machine massages, the latter retailing on the open market now for 35 cents as compared with the former price of 25 cents. This latter sum will be charged for a hand massage.

The jump in the price schedule by local barbers is parallel with the movement being propagated all over the country by barbers and in most places the raise in price was effected some time ago. As one barber expressed it "the necessity of talking the war for the last couple of years has gotten us so worried that we can't work as fast as we used to and we have to get more money for what we do." Anyway it is plain to be seen that "more money" is back of the advance in prices.

The price of shaves remains unchanged and if you can maneuver it so as to get a shave on the head you can save money even on the old price. Other tonorial necessities remain unchanged.

Liberty Day in Jamestown last Saturday was a big success. Speaking in the afternoon and evening by Messrs. J. F. Gordon, Burdette Hays, Sergeant Gable, Rev. C. W. Horn, and Mrs. C. C. Moon drew large audiences. The oration delivered by Mrs. Moon was beautiful and impressive and drew constant applause from her hearers.

Sergeant Gable told of his experiences in service in France, and related incidents, both pathetic and amusing, of army life at the front. In closing offered to furnish a ticket calling for one first-class passage to Berlin, with side trips up the Rhine Valley, and a ring side seat to the biggest fight ever staged. In other words he would be pleased to take the name of any one wishing to enlist.

The White Elephant auction sale in the afternoon and evening drew a large crowd and kept auctioneers Taylor, Baker, Corry, Wilson and Kennan busy until a late hour. The sale amounted to about eight hundred dollars and the proceeds go to the local chapter of the Red Cross. A few articles not sold for want of time will be offered next Saturday night along with more that will be donated this week.

The parade in the evening, led by a Liberty Bell, and made up of soldiers from Camp Sherman, Boy Scouts, business men, Red Cross soldiers, Service League, school children and citizens, with the Cedarville and Jamestown bands, made an impressive showing and was a silent testimony of the community's earnestness in doing its part in launching the Third Liberty Loan. Reports from committees show the quota for Jamestown and vicinity has been subscribed which will entitle them to one of the new Honor flags.

WOMEN'S LIBERTY LOAN COMMITTEE TO HOLD MEETING

The Women's Liberty Loan Committee, will hold a meeting at Central High School building, Thursday afternoon at 3:15 o'clock. All chairmen and workers urged to be present and every woman's organization in the city should send a representative. The greater number of representatives means more interest in the homes. This is Government work and in no way interferes with but stimulates us to other war activities. Come get into the army behind the army. The latest advice to the local chairman from the state chairman, is begin at the beginning of the campaign and help all the way through. Mrs. Eber Reynolds, Chairman.

WIDOW OF GEORGE TRUMAN PASSES AWAY

Elvira Fisk Truman, for many years a resident of Spring Valley, passed away at 6 o'clock Tuesday morning in Richmond, Ind., at the home of her son, J. L. Truman, her death being due to heart trouble and the infirmities of old age. She was 85 years of age.

The deceased was a widow of the late George Truman, to whom she was married in the fall of 1867. She lived her entire married life with her husband in Spring Valley. She went to Richmond to live with her son about eighteen months ago. Three children were born to Mr. and Mrs. Truman, but two of them died while young, the only surviving son being J. L. Truman, who is employed as a conductor on the P. C. & St. L. railroad with a run between Richmond and Springfield. E. L. Truman of Spring Valley is a brother-in-law of the deceased.

The funeral will be held at Spring Valley at 12:30 o'clock Thursday at the M. P. church. Burial will be in the Spring Valley cemetery.

HERE'S SOMETHING TO THINK ABOUT

If everyone did as much as you are doing, and no more, could the war be properly carried on?

This is a time for special effort. What special effort are you making?

If it were multiplied by the number of millions of people in this country would it carry on the war?

This is a time for conservation. How much are you conserving? If it were multiplied by the number of millions of people in this country would it carry on the war?

The man or woman with leisure and money is not doing his or her share if he gives simply an average amount of time and money. "To whom much is given from him much shall be required."

To give in proportion to his income of time and money, as much as you are giving in proportion to yours, could the war be properly carried on?

• Surely you will not be willing to burden yourself a slacker by your answer to that question.

Women think over this and if you have not given to the Ohio Women's Auxiliary to Camp Sherman, do so at once.

Curiosity.

A dashing lieutenant colonel, ex-member of the general staff, was approached by a recently drafted man. "What might your name be? Do you belong to this bunch?" "The colonel in charge." "Well, I see the balance of 'em busy around here, and I don't see you doing anything. How does a fellow go about getting your job?"—Everybody's Magazine.

HUNDREDS OF MEN AND WOMEN WORKERS ARE NEEDED AT ONCE

The Peters Cartridge company at Kings Mills is crying for more help, both men and women, in order to turn out the ammunition needed by the government to prosecute the war against the "bloody Huns." The Army Ordnance department called a meeting of newspaper editors at the plant of the Peters Company at Kings Mills Tuesday afternoon for the purpose of discussing the situation with a view to assisting in relieving the serious labor shortage.

To the American soldier in France nothing is so essential as small arms ammunition. Without his rifle food he would be an easy victim for the Hun. It is necessary that these boys in France be kept supplied and the great Warren County institution, The Peters Cartridge Company, is devoting its immense facilities to that end. Hundreds of additional workers are needed to perform this work. Every man and woman who can possibly enter this work owes it to his or her country to do so. The working conditions are of the best and the pay compares favorably with pay offered elsewhere. It is as important to keep this plant going at top speed as it is to enlist in the army or buy Liberty bonds.

WATER RATES WILL SOON BE ESTABLISHED

A conference between the engineers of the State Utilities Commission, the engineers of the Xenia Water Company and the City, will soon be held to fix the water rates for the city.

This was the result of a consultation held by City Manager Kenyon Riddle and City Attorney J. A. Finney with Philip Burgess, consulting hydraulic engineer in Columbus Tuesday. It is thought that the engineers of the different factions can get together and settle the entire rate controversy which has been bothering the city for a year or so. The local officials did not confer with the State Utilities Commission in Columbus Tuesday.

FUNERAL SERVICES FOR FRED E. HUNT

Funeral services for Fred E. Hunt, who died at the home of his brother, Harley Hunt, at Spring Valley, were held at the home of his father-in-law, Frank Thompson, of Lynn street, Monday afternoon. The Rev. Amos Cook, of Harveysburg, was in charge, assisted by the Rev. H. C. Biddlecum.

Interment was made in Woodland and the pallbearers were: Harley, Bowman, Archie, William and Ray Hunt, and Lewis Ward.

The following relatives and friends from a distance were here for the funeral, and were guests of Mr. and Mrs. Lewis Ward of the New Burlington pike: Mr. and Mrs. John Emmons, of Bethel; Mrs. Lee Behnmer and daughter, Ethel, of Amelia; Mr. and Mrs. Harley Hunt, of Spring Valley; Alva Ward, Mrs. Henry Ward and daughter, Mr. and Mrs. Charles Jones and son, of Dayton.

SPRING TREATMENT

Necessary to Purify Blood and Corro Weak, Run-Down Conditions.

Trying weather, exposure to storms, the grip, colds, pneumonia, fevers, diphtheria and other blood-poisoning, prostrating diseases leave the whole system sub-normal—below par—weak and slow—blood depleted and thin, with that tired feeling, poor appetite, backache, rheumatic pains, delicate digestive power or almost none at all. The ideal treatment is Hood's Sarsaparilla—to be taken before meals—thoroughly to purify the blood and expel poisons, and "Purifier" to be taken after meals—to put power into the blood, give strength, increase red corpuscles and restore tone, and do it quickly.

If there is biliousness, constipation, bad taste in the mouth, or "the blues" the liver is torpid. Take Hood's Pills—they rouse the liver and relieve all liver ills, are perfectly compatible with Hood's Sarsaparilla and "Purifier."

W. E. JOHNS WRITES INTERESTING LETTER FROM CALIFORNIA

Many local people will remember W. E. Johns and family who moved from this city to Watsonville, Calif., where they now make their home. The following letter from Mr. Johns will be interesting to his many friends here:

"Since we left Xenia we often think of the many friends we left there fourteen years ago. Some of them we have never heard from since we left. We are hoping through your paper to come in touch with them once more to know how many are still living—Mr. and Mrs. George Moore, H. I. Binder and William Chambliss and many others we might mention.

"My children are all still living at home but one, Francis, who is married and is living at Fresno where he is running a well-boring outfit and is doing well. Nemoi Jean is in the alteration room of Charles Ford and Company and William works in the Creamery. In our fourteen years ramble we find Paparo Valley the most beautiful and most productive of any and the climate can not be surpassed, never hot or cold—vegetation always fresh and tender. If the Eastern people could have had but one look at this valley when the thermometer was 20 below zero there I think we would see more Easterners than we do. There is surely a large emigration from the East this spring.

"On New Year's Day we had strawberries and all kinds of garden truck, the finest I ever saw. The people who have lived here for years don't think anything of this but I tell you a buckeye who has lived 35 years among those blizzards sees the beauties in them. The farmers are now offered one hundred and twenty dollars a ton for their strawberries. Just think from April 10 until September or December, what a crop of these fine strawberries will be gathered. Blackberries, being one hundred dollars a ton and all this kind of fruit is already sold, and the apple crop all contracted for a high price. Sugar beets which only brought a dollar a ton are now sold for \$8.75. While this is the apple center of California, the cherries, apricots, prunes, olives and pears never fail and grow to perfection and for potatoes, beans and sweet peas this valley produced more than any other valley in California.

"Just think for a moment what an industry there is attached to this picking, packing and canning. To give this in detail would take too much space. Watsonville is four miles from the ocean. We have the ocean breeze night and day, no mosquitoes to spoil our sleep and no storms to keep us inside. We live outside among the beautiful flowers which never fade. I would be very glad to hear from Xenia one more.

"Yours truly,
W. E. JOHNS,
216 Rodriguez St., Watsonville, Cal."

REMEMBER--IT'S NOT WHAT YOU EAT THAT DOES YOU GOOD--IT'S WHAT YOU DIGEST.

HIGH COST OF LIVING SOLVED BY USING PEPSINCO, A SYSTEMATIC METHOD OF DIGESTION.

Thousands of tons of food are wasted thru improper digestion of food. Many persons are using a new system of food digestion, not only because our government's food expert says that we shall conserve the food, but, also, the high price of food stuffs compels retrenchment. They find that a little food well digested, will go farther and do more good than a large quantity poorly digested.

Pepsinco, this systematic method of digestion, is inexpensive and can always be relied upon. The dose is small and powerful. One little tablet will digest an ordinary meal. Everything will be assimilated. The meal will give you strength. Your entire system will undergo a change for the better. No food will be wasted, once you start this treatment.

Stop at the drug store today and get a small package of Pepsinco, the perfect digester and make every grain of food count.

A large FREE TRIAL package of Pepsinco, to everyone who has never used it.

Mr. H. says—I have been a sufferer from indigestion for some time; used many remedies; tried several doctors with no relief. Commenced using Pepsinco about a year ago, and have had only one or two slight attacks since.

You send to-day for a trial, its FREE. The Neuro Pharmacal Company, Wapakoneta, O.

VICTIM OF AUTO ACCIDENT DIES AT MCLELLAN HOSPITAL

John W. Gentner, died at the McClellan Hospital at 5 o'clock Tuesday evening, the result of injuries received when he was struck by an automobile said to belong to the Dayton Metal Products Company, while he was riding his motorcycle near Lower Alpha last Thursday.

Injuries to the femoral artery which prevented the circulation of the blood through the right thigh, and gas gangrene which developed in his wounded leg, caused his death. Physicians held little hope for his recovery from the moment he was brought to the hospital, but they took heroic measures in an effort to save his life, and his right leg was amputated between the knee and hip Sunday. The young man's right leg was terribly injured, the broken bone protruding through the flesh, and the wound was full of gravel and earth when he was taken to the hospital.

Mr. Gentner was 24 years old, and the son of Mr. and Mrs. John Gentner of Alpha. He was married last March 7, his wife being Miss Myrtle Strutsman, daughter of J. E. Strutsman. Besides his parents and widow, he leaves three brothers, Clay Gentner, who conducts a grocery at Alpha, Edward and Earl. The body was taken to the home of his parents at Alpha.

The funeral will be held at the M. P. church in Alpha at 2 o'clock Friday afternoon. Friends will meet at 1:30 o'clock at the home of the young man's parents in Alpha.

THEATERS

Bijou.

No greater tale has been unfolded in pictures than the story of "The Honor System." William Fox's greatest effort which plays at the Bijou Theater Wednesday and Thursday matinee and night.

Orphium.

A delightfully charming drama of life in Bohemian Paris is told in "The Twakening" featuring Montagu Love and Dorothy Kelly, which comes to the Orphium theater, Thursday, matinee and night. The picture is a World-Brady made release.

Montagu Love, one of the best character actors in the films, has one of his most congenial roles as Jacques Revilly, in this new and charming story. The picture describes charmingly life in the artists' colony of Paris and introduces a delightful romance to carry out the thread of the story. Montagu Love, the famous English actor, is at his best in this picture and the picture is of intense dramatic interest.

WELFARE COMMITTEE URGES CITIZENS TO BEAUTIFY STREETS

Recent action among East End residents favoring the beautifying of East Main street is to meet with almost instant results, and trees, purchased by the East End Improvement Association, but selected by the City Welfare League, will soon be placed along the street.

At a recent meeting the East End Improvement Association in deciding on the purchase of trees and the raising of the money for the same by popular subscription gave full purchasing powers to the Welfare League and the latter organization has been able to secure a number of trees at a nominal figure. While the trees generally sell for at least \$1.50, they have been secured by the Welfare League for the small sum of 85 cents a piece and will be delivered to the people wishing to set them out, at this price.

The League has purchased considerably more trees than necessary. For East Main street and any one else in any part of the city wishing to beautify their premises in accordance with the wishes of the league will be supplied with the trees at the cost price. They can be secured by applying to Mrs. C. L. Jobe, chairman of the committee.

Twenty Years Ago Today

Mr. and Mrs. George Kelly go to housekeeping this week in the Kelly residence on East Church street, a lovely home, and very desirably located, especially on circus days.

The revival of the rollerskating craze seems to have completely shoved the basketball games to one side for the present. There has not been a game of basketball for a long time. The night workmen who went out at the Ohio Cordage mill and the Heoven & Allison Works (both owned by the same company) have not been taken back as a body. Some of the men and girls have been reemployed, but night work has been discontinued at the Ohio mills for the present.

Mr. Thomas Kennedy, of the Pennsylvania freight office, has been made agent at South Charleston, and will take hold the middle of the month. He will move his family to that place soon. The people of South Charleston are to be congratulated on receiving such an excellent citizen. We are very sorry to lose him.

FRIENDSHIP OF THE GERMAN BRAND

John Tainior Footie has a wonderful story in the April American Magazine called "Otto." Otto and the soldier who tells the story used to be friends. The American attacks a trench and finds Otto in it. The end of the story is:

"Otto!" I says, an' all but dropped my rifle.

"He was half layin' half settin' against the trench wall." Them blue eyes of his was big an' round like a child that's seen' somethin' new an' strange. He blinked when I said his name but never spoke.

"Otto!" I says again, "don't you know me?" "m Bill Stigers. Don't you know me?"

"Ya," he says, "I know you."

"Listen," I says. "We got to have a talk. I'll see you later. We'll have a talk about old times—eh, Otto?"

"Ya," says Otto.

"Well, look-a-here!" I says. "They're trompin' on your sore leg where you're a-lyin'. I'll lift you up on the fire step, here out of the way, an' you'll rest more easy."

"I laid down my rifle an' stooped over to get ahold of him, an'—Here, I'll show you."

"Bill turned to me and lifted the patch from his eye, or rather from his eye socket—for the eye and part of the lid were gone.

"I gave a shocked exclamation. "Bill replaced the patch. "Otto had got a-holt of a trench knife, somehow, an' I hadn't noticed it," he said."

TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.

NOT ALL ARE HUNS

Dayton, April 10.—Although he was born in Germany and lived at Bingen, near the famous "Watch on the Rhine," Henry Guckes, aged and blind cigar seller in the new court-house, is a 100 per cent American.

Yesterday Guckes purchased a Liberty bond, paying cash for it.

"Next Sunday marks the seventy-fifth anniversary of my leaving Germany," Guckes said as he paid for his

bond. "I have lived seventy years of that time in Dayton and am an American through and through. I have no love for Germany and want to see the United States and its allies win in the fight for democracy."

This is not the first time that Guckes has proved his loyalty and love for his country. When the civil war broke out, he enlisted and fought through the conflict. He is past 50 years of age.

Senreco

Mr. Robert Williams,
Galesburg, Mo. December 27th, 1917.

Dear Sir:

You are right when you say in yours of December 24th that Senreco is a remarkably good tooth paste and that it has a strong story to tell, but the difficulty lies in putting that story in such language as will convince the public.

The Senreco story of a medicinal paste that not only cleanses the teeth but also keeps mouth and gums healthy, when put on paper does not sound very different from the story of just any ordinary dentifrice.

For that reason we make every effort to get the people to try Senreco. After that Senreco tells its own story—and fully 90% of them are Senreco users and boosters from then on.

There is a Senreco user in Pittsburgh who has introduced our product into the families of thirty-four of his friends. Enthusiasm? No, not entirely. Simply a case of Senreco making good. It is just as stated above. If they will try Senreco—if they once become acquainted with a real dentifrice—with what a dentifrice can and should be—they are Senreco boosters from that time on.

Your druggist or toilet counters can supply you with Senreco. It comes in large, two ounce tubes and retails at 25¢.

Why not get a tube to-day? Try it. We stand behind every package of Senreco with a money-back guarantee.

Very truly yours,
SENRECO,
CINCINNATI.
